# Water Quality Zones

Find your nearest parish from the list below  
and note the corresponding zone code

Due to an ever growing population, before a zone exceeds a population of 100,000, a new water quality zone is created.

<sup>1</sup> Different parts of St Ives are supplied from different service reservoirs. Residents within the Northern part (north of A1123 Houghton Rd/St Audry Lane) are within the Bluntisham zone and residents in the Southern part (south of A1123 Houghton Rd/St Audry Lane) are within the Coton zone.

<sup>2</sup> Not all of Upwood Parish is supplied by Cambridge Water, the Parish is also supplied by Anglian Water –however any Cambridge Water customers living in Upwood will all be within the Bluntisham Zone.

Northstowe is supplied by Anglian Water as an inset appointment. Please contact Anglian Water for water quality queries.

As a general guide, within Cambridge City, residents north of The River Cam are within the Cambridge North Water Quality Zone. If your property is located south of The River Cam, residents are within the Cambridge South Water Quality Zone.

If you require further assistance and advice please call us on 01223 706050
