What is the Assure tariff?

This is a special tariff that can help some customers on low income pay their bill. If you're eligible and your application is successful, your charges will be discounted for 2 years, in the first year by 60% and the second year by 40%.

Assure is available for residential customers who meet our eligibility criteria.

Eligibility criteria

To be considered for Assure you must have a total household net income of **less than £16105** per year.

We **don't** take into consideration income received from the following benefits:

- Attendance Allowance
- Personal Independence Payment
- Carer's Allowance
- The disabled child or severely disabled child element of Child Tax Credit
- Disability Living Allowance
- Housing Benefit or Housing Element of Universal Credit
- Council Tax Benefit

You must complete the **income** and **outgoings** on the application form and we'll complete an assessment by reviewing your financial situation. This will be based on government guidelines and will help us determine if you qualify for the Assure tariff depending on your spare available monthly income.

For households with dependent children an additional £1500 per child will be added to the household income threshold.

For example, for a household with two children add £16105 + £3000 = £19105

How to apply

1. Please read the application form and complete fully
2. Return the application form and income proofs to: **FREEPOST ASSURE, Green Lane, Walsall, WS2 7PD** (you don't need a stamp), or email **info@cambridge-water.co.uk**
3. If you need help completing the form, please call us on **0800 093 0570**
4. We'll give you a decision about your application within 10 working days

If your application is **unsuccessful** we'll let you know why in writing.

If your application is **successful**, the discount on your charges will be applied from the date we receive your application and confirmed in writing with an amended bill showing your new charges.

Application audits

South Staffs Water may review your personal circumstances to determine if you continue to be eligible for a discount on your water and sewerage charges. Audits will occur randomly during your time on the tariff. **You must tell us if your financial circumstances have changed.**

You'll be advised of the audit outcome, your application may be rejected for the tariff if:

- Your total household income is more than the eligibility criteria
- You're unable to provide adequate proof of income, if requested

If an advice worker, money adviser or Citizens Advice officer is helping you complete the form, please ask them to sign the below box confirming they've seen your proof of income.

We may need to contact them to verify their details.

Do I need to be on a water meter?

You don't have to be on a water meter, but we would encourage you to have a meter if this would benefit you. This may also reduce your water bill and make payments more affordable.

If you would like to know more or apply for a water meter please contact us on **01223 706050** or search '**Switching to a meter**' on our website **www.cambridge-water.co.uk**.

Watersure

If you don't qualify for Assure and you have a meter, we'll assess your application for Watersure. Watersure is a tariff which helps some people with their bills. You must be on a certain benefit and need to use a lot of water either for medical reasons or because your household has a certain number of school aged children.

If you or anyone in your household, has any of these medical conditions diagnosed by a doctor, please tick:

- | | |
|--|--|
| <input type="checkbox"/> Desquamation (flaky skin disease) | <input type="checkbox"/> Crohn's disease |
| <input type="checkbox"/> Incontinence | <input type="checkbox"/> Ulcerative colitis |
| <input type="checkbox"/> Renal failure requiring home dialysis (except where the health authority contributes to the cost of the dialysis) | <input type="checkbox"/> Another medical condition which means significant water use supported by doctor's certificate, please state here what that is |

What happens next?

Once we've received your application, we'll review the information and make a decision. We'll let you know whether your application has been successful within 10 working days.

If we're unable to apply a discount we'll send you details of your payment plan to help you manage your account. Details of other organisations that may be able to help you are at the back of this form.

How long will I receive Assure for?

The discount will be applied for 2 years from the date we receive your application. During the first year the discount will be 60%, the second year the discount will be automatically reduced to 40%. This discount will be based on your rateable value of your property or your water consumption, if you have a meter.

After the first year of the discount we'll write to you to advise that the discount will reduce to 40%.

We'll write to you before the second year discount is due to expire and ask you to apply again for the Assure tariff. If you do qualify again, you'll remain on a 40% discount for a further 2 years.

What about the sewerage charges?

If you qualify for the Assure tariff you'll automatically be eligible for the sewerage provider's equivalent tariff. You don't need to do anything; we'll notify your sewerage provider. Anglian Water's discount is based on rateable value of your property or your consumption.

What happens if I can't keep up the payments?

If you're struggling to pay your water bill please contact us and we'll do everything we can to help support you. Details of other organisations who may be able to help are at the back of this form.

If you don't make regular payments on your Assure tariff, you will no longer qualify for a discount.
