About our complaints procedure

May 2022

Our commitment to you

At Cambridge Water we aim to give you the best service possible. We know sometimes things go wrong and we'll always do our best to put things right.

On average, our customers pay less than 40p a day for all the water they need for drinking, cooking, cleaning and flushing the toilet. That's less than the cost of one litre of branded bottled water from the supermarket.
